EXPERIENCE

02

August 2024: Figma Web Design

/creator IT Academy

Gained a strong foundation in web design principles. Developed skills in creating user-friendly and visually pleasing interfaces in Figma.

Created responsive designs and improved consistency across UI elements.

2024-25 September-July: HTML/CSS

/creator IT Academy

Acquired a solid understanding of the fundamentals of web development and developed practical skills in building web pages using HTML and CSS.

Mastered building clean, maintainable code while considering user experience and accessibility.

2025-26 July-March: JavaScript

/creator IT Academy

Expanded my knowledge by learning JavaScript for creating interactive and dynamic user interfaces.

Worked on implementing interactivity, improving user experience, and integrating basic API functionality.

Participated in a team project at /creator IT Academy, where I gained practical teamwork experience and contributed to building a website.
